

## LOS ANGELES COUNTY FIRE MUSEUM TOUR

The Los Angeles County Fire Museum began when two L.A. County firefighters started a collection of apparatus, artifacts, photos and fire engines in the early eighties. Since then, the collection has grown to over 40 engines, including vehicles from the television series "Emergency." On Saturday, March 26, 2022, we will have a cruise to the museum, which is located in Bellflower. In addition to a docent-led tour, we will be able to go into the restoration shop and see actual work being done on current fire engines. After touring the museum, we will have lunch at a nearby restaurant.

The tour will originate from Taco Bell near Galpin Auto Sports and then we will travel via freeway to the museum. There is no cost for the tour, however, a \$5.00 donation to the museum would be very appropriate. Maps will be provided to all participants and be given out at our meeting location. We will depart at 9:00 a.m. and should arrive at the museum about 10:15. All MOCC members need to pre-register for the tour by March 15th!
